FOREST FIRE PROTECTION ERASMUS+ PROJECT

Training for self-protection against forest fires in rural areas

GOAL 1

Train people in the rural areas and neighbouring regions on "how to act in case of a fire"

GOAL 2

Transfer skills on fire prevention to rural area populations

GOAL 3

Consolidate actions to increase the resilience to forest fires in rural areas

GOAL 4

Contribute to forest and life preservation

GOAL 5

Increase the safety by implementing readiness programmes dedicated to civilians

GOAL 6

Create a training module and training materials on self-protection against forest fires and on forest fire prevention
